Arlington High School Building Committee

Meeting Date: Thursday, December 3, 2020 - 10:00 am Location: Conducted via Remote Participation

Agenda

1. Skanska

- ♦ Update on HVAC Firm Selection
- ♦ GMP Review/Approval VOTE

2. Subcommittee Reports

- **♦** Communications
- **♦** Finance
- ♦ Interiors
- ♦ Landscape & Exteriors
- ♦ Memorials
- **♦** SMEPFP
- ♦ Security
- ♦ Temp Use-Phasing

3. Meeting Schedule

4. New Business

The listings of matters are those reasonably anticipated by the Chair which may be discussed at the meeting. Not all items listed may in fact be discussed and other items not listed may also be brought up for discussion to the extent permitted by law.

Members of the public are asked to send written comment to ktassone@arlington.k12.ma.us. Documents regarding agenda items will be made available via the Town's website.

 - Temporary heating systems and rentals is included as an allowance with General Requirements.
 - e) Temporary fuel for construction is included as an allowance with General Requirements and Trade Support.
 - f) Winter conditions (shoveling, salting not purchased with trade, road plowing bought with site work) included as an allowance with general requirements.
- 7. Site Security costs or provisions are not included.
- 8. An allowance has been included for costs associated with Covid 19. This allowance would fund:
 - a) Cleaning and general requirements that are beyond what was required prior to Covid 19.
- 9. A phasing contingency is included in the budget and will be used to fund:
 - Temporary construction that is in addition to the covered sidewalk or what is identified on the bid documents.
 - b) Modification and/or shoring of the existing building that is to remain so that it may be properly separated from what is to be demolished
 - c) Temporary safety measures associated with building adjacent to an active school.
 - d) Temporary measures to reduce noise or other interruptions to students and staff.
 - e) Off-hour and/or overtime work required between phases to minimize disruption of school activities
- 10. In addition to the value carried in our general requirements we have included clean-up costs with select non-trade contractors. These costs are assigned as holds on the leveling sheets.
- 11. Non-trade Consigli RFI log dated 11/3/2020 is part of the contract documents.
- 12. Preconstruction fee and Parmenter School scope is an addition to the GMP.

THERMAL/MOISTURE PROTECTION

13. Third part QA/QC testing of the vapor membrane - note 8 on GT1.3, shall be by the Owner's LSP.

BUILDING EXTERIOR & STRUCTURE

- 14. Detail 7/A7.2.9 indicates that metal panel are "dry seal gasket system", however we have included these panels as a rain-screen system.
- 15. We have not included temporary shoring of metal decks.

ASSUMPTIONS & QUALIFICATIONS

ARLINGTON HIGH SCHOOL

GMP 11/24/2020

FINISHES

- 16. Concrete slabs will have cracks even when properly installed. These cracks will be visible through the polished concrete.
- 17. High moisture adhesives are specified for resilient flooring, therefore we are not including moisture mitigation for these floors.
- 18. Moisture mitigation is included at carpet and entrance mats.
- 19. A vapor barrier is specified to be installed at wood flooring. No other moisture mitigation is included at these locations

SPECIALTIES/EQUIPMENT/FURNISHINGS

- 20. We have not included any costs or provisions for FF & E items and assume this will be by the Owner.
- 21. Roof Anchor plate has been included as Manufacturer's standard 7"x7". Fabricated and installed by Peak Performance.
- 22. We are not providing the horizontal lifeline system and have not included the design of the horizontal lifeline system required in paragraph 1.5E of Section 110140
- 23. Roof Anchor eye is stainless steel, the post and base are assumed to be hot dipped galvanized.
- 24. Roof anchor is based on the layout indicated on project roof plans. Further clarification is required on overall design intent to verify layout is compliant with regulatory standards.
- 25. Onsite installation of roof anchors shall not be witnessed by a MA P.E. The installation and the load test reports will be signed off by a P.E.

SITEWORK

- 26. We have included disposal of regulated soils per specification <u>312001 Management and Disposition of Excavated Material</u>. We have included 20% of these quantities with EBP#2 (phase 1) and 80% with phases 2-4.
- 27. Pricing assumes re-use of all excavated materials.
- 28. We own Boulders up to 2 Cy in open excavation and up to 1 cy in trenches. All boulders and obstructions larger than these encountered in the ground improvement work shall be removed based on the Unit price listed in the site leveling sheet.
- 29. Testing and cleaning, video inspection of storm drain includes the newly installed proposed system only.
- 30. Soil disposal facilities, including unlined and lined landfills, are nearing capacity. Pricing is based upon current capacity and tipping fees. If existing disposal sites close or no longer accept materials from this project, then such an event constitutes a change in the contract. Furthermore, a change in facility could result in additional soil testing. Cost of this testing is not included.
- 31. Asphalt/Bituminous paving work is based on \$552.20/ton, price as of Dec 1st, 2020
- 32. Rock/ledge removal premiums are not included.
- 33. Preparation of SWPPP is assumed to be by others.
- 34. Treatment of collected surface or ground water is included as an allowance per the estimate.
- 35. It is assumed that existing loam may be screened and reused in all phases with the need for surface applied amendments only.
- 36. We have included the disposal of excess loam as RCS<1. Tailings are to be disposed of as unregulated.

ASSUMPTIONS & QUALIFICATIONS

ARLINGTON HIGH SCHOOL

GMP 11/24/2020

- 37. Temporary SOE is to be cut a minimum of 12" below final grade and left in place.
- 38. Stadium lighting foundations are included per drawings dated October 7, 2020 by Structural Engineers, PC. Due to a lack of borings, the engineer has indicated that this design is only a draft. Additional borings may be required. Cost to perform borings is not included.

GROUND IMPROVEMENT (PIF, Helical piles)

- 39. Please note that center of PIFs to be installed beside existing structures should be a minimum of about 3.5' from any vertical face or appurtenance.
- 40. We have not included monitoring for vibration, noise, movement, pile heave or providing Geotech instrumentation.
- 41. We have not included inspection, monitoring, testing of pile welds and certified pile logs. These services shall be provided by the Geo-Tech Engineer.
- 42. Obstructions PIF's- time lost due to obstructions will be charged at the Obstruction Hourly Unit Cost, regardless of the depth at which the obstruction is encountered. The cost impact of any out of tolerance PIFs due to obstructions is also excluded.
- 43. Obstructions Helical Pile: The presence of material that obstructs advancement of the Helical Pile may prohibit reaching the required torque. Any additional piles required due to unaccommodating ground conditions will be based on the Unit cost.

LANDSCAPING

- 44. Drinking fountain specified is section 323000 Site Furnishings is not shown and not included.
- 45. Integral fence top netting system (par 2.04) and Ball control netting (par 2.05) specified in section 116833 Athletic Fields Equipment are included. However, "tennis court windscreen" (par 2.17) is not shown and not included.
- 46. We have included the specified perimeter drain/anchor system. Consigli may choose to buy this item with the synthetic turf vendor.
- 47. Engraving of brick pavers by others.

ALLOWANCES

Change Order (CO)

Date of Issuance: 10 November-2020

NO: **08**

Project:	Arlington Parmenter School fit-out	Contract For:	Renovation
Address:	17 Irving Street, Arlington MA	Contract Date:	February 28, 2020
Owner:	Town of Arlington		
Address:	730 Massachusetts Avenue Arlington, MA 02476	Project ID:	
From:	HMFH Architects, Inc	То:	Consigli Construction Co., Inc.
Address:	130 Bishop Allen Drive, Cambridge MA 02139	Address:	72 Summer Street, Milford MA

Items in	luded in this Change Order:	Cost:		
CR 020	Existing Security Conduit relocation- various locations (T&M).	\$ 9,484.09		
CR 029	Base scope ACM reconciliation	\$ 16,793.08		
CR 032	Temp. power mitigation due to Eversource delayed completion of Permanent Power.	\$ 14,999.40		
CR 035	Troubleshoot Existing FACP Troubles (T&M)	\$ 3,593.27		
CR 036	Replace Primary Electrical Disconnect (T&M)	\$ 4,460.68		
CR 040	Relocation of existing Heating and telecom conduits and cabling in conflict with demolition/new construction. (T&M)	\$ 1,471.59		
CR 042	Repairs/replacement to existing 4^{th} floor lights wiring discovered to be in deteriorated condition (T&M).	\$ 6,279.06		

Change Order Total: \$ 57,081.00

Original Contract Sum was:	\$2,580,810.00
Net change by previously authorized Change Order was:	\$ 160,453.00
Contract Sum prior to this Change Order was:	\$2,741,263.00
Contract Sum will be (increased) (decreased) by Change Order in the amount of:	\$ 57,081.00
New Contract Sum including this Change Order will be:	\$2,798,344.00
Contract Time will remain unchanged .	
Date of Substantial Completion as of the date of this Change Order therefore is:	09/01/2020

NOTE: This Change Order does not include changes in the Contract Sum, Contract Time or Guaranteed Maximum Price, which have been authorized by Construction Change Directive until the cost and time have been agreed upon by both the Owner and Contractor, in which case a Change Order is executed to supersede the Construction Change Directive.

NOT VALID UNTIL SIGNED BY THE ARCHITECT, CONTRACTOR AND OWNER.
